JOIN THE FUN

Hot Springs Village's slogan, "Join the Fun," is truly an invitation. Indeed, new residents and those buying memberships alike are sure to enjoy the opportunities before them as they rub elbows with the thousands already in on the fun.

There is no doubt it is the recreation that makes Hot Springs Village so attractive, but the amenities of the community do not end there. The Village was set up to provide a full-service community to 30,000 owners / 13,500 plus residents. That includes police, fire and ambulance service, as well as other necessary services anyone would expect from his or her town. Other amenities abound, too, from shopping to restaurants to clubs to churches to businesses to ample health services to nearby cities like Little Rock, Benton and Hot Springs.
